

PUSTAKOPAHAR

“Report on Green Day”

On April 1, KV Kanhangad celebrated “GreenDay”. The students were informed about this during the month of March itself.

Students from each class donated their used books to children of lower classes. Students have even donated books to the Library. Vidyalaya organized a function in which children exchanged books with each other. The books donated to the Library were displayed for the whole day.

The list and details of the books donated has been maintained in the library. Around 23 students donated the books to the school library. The function ended with the address by the Principal to the children. Library in charge spoke about the importance of reduce, reuse, recycle which is the motto of “Green Day”. She talked on the importance and advantages of donating books to others and to the library.

The list of Students followed:
